

### Design Intent:

A large triple tier hexagon clerestory shelter that combines elegance with abundant ventilation and natural lighting. A signature structure suitable for a variety of purposes.

### Standard With This Shelter:

- Steel columns and frame members coated with super-durable Poli-5000 powder coat finish.

### Primary Roof

#### Options:

- Tongue-and-Groove
- Structural Insulated Panels
- Multi-Rib
- Mega-Rib
- Standing Seam\*

### Secondary Roofing

#### Options:

- Multi-Rib
- Standing Seam
- Mega-Rib
- Asphalt or Cedar Shingles

### Shelter Modifications:

Shelter can be modified by adding a cupola, railing, integrated seating, ornamentation\*\*, gutters, lightning protection, electrical cut-outs, low reveal clerestory, windscreens, walls, an increase in clearance height, or by selecting a different column design from our offering.

\*Adding ornamentation will increase the clearance height by 10".

\*\*Standing seam only requires a custom frame.

## Grand Carmel

GCO3

Ornamentation shown is optional.
