Covered Walkway Cantilever

CWC

Design Intent:
This is a two column monoslope shelter which can be extended using multiple bays. Its original use as a single bay protective covering has now expanded to many alternative uses, as the design provides an inexpensive linear shelter system.

Standard With This Shelter:
• Steel columns and frame members coated with super-durable Poli-5000 powder coat finish.

Primary Roof Options:
• Tongue-and-Groove
• Structural Insulated Panels
• Multi-Rib
• Mega-Rib
• Standing Seam*

Secondary Roofing Options:
• Multi-Rib
• Standing Seam
• Mega-Rib
• Asphalt or Cedar Shingles

Standard With This Shelter:
• Steel columns and frame members coated with super-durable Poli-5000 powder coat finish.

Shelter Modifications:
Shelter can be modified by adding integrated seating, gutters, lightning protection, electrical cut-outs, windscreens, walls, an increase in clearance height, or by selecting a different column design from our offering.

Standard Sizes
