Design Intent:
This is a two column monoslope shelter which can be extended using multiple bays. Its original use as a single bay protective covering has been expanded to many alternative uses, as the design provides an inexpensive linear shelter. The offset columns create ideal sites for seating.

Standard With This Shelter:
• Steel columns and frame members coated with super-durable Poli-5000 powder coat finish.

Primary Roof Options:
• Tongue-and-Groove
• Structural Insulated Panels
• Multi-Rib
• Mega-Rib
• Standing Seam*

Secondary Roofing Options:
• Multi-Rib
• Standing Seam
• Mega-Rib
• Asphalt or Cedar Shingles

Standard With This Shelter:
• Steel columns and frame members coated with super-durable Poli-5000 powder coat finish.

Shelter Modifications:
Shelter can be modified by adding integrated seating, gutters, lightning protection, electrical cut-outs, windscreens, walls, an increase in clearance height, or by selecting a different column design from our offering.
