

Design Intent:

The Northern Skyline is a dual pitch shelter with a clerestory along its ridge line, creating an unusual and interesting variation on a traditional structure shape. This design facilitates both increased air flow and natural lighting with its full length clerestory .

Primary Roof

Options:

- Tongue-and-Groove
- Structural Insulated Panels
- Multi-Rib
- Mega-Rib
- Standing Seam*

Secondary Roofing

Options:

- Multi-Rib
- Standing Seam
- Mega-Rib
- Asphalt or Cedar Shingles

Standard With This Shelter:

Steel columns and frame members coated with super-durable Poli-5000 powder coat finish.

Shelter Modifications:

Shelter can be modified by adding a cupola, railing, integrated seating, ornamentation**, gutters, lightning protection, electrical cut-outs, windscreens, walls, an increase in clearance height, or by selecting a different column design from our offering.

*Standing Seam only requires a custom frame.

**The addition of ornamentation increases the clearance height by 10".

Western Skyline WSL
